

To the Citizens of Johnson County,

I believe leadership is the empowerment of your team through mutual respect and understanding of perspective.

I have known Doug for many years and truly see his compassion and care for others around him through his actions and commitment to serve. His voice for the team shines in his steadfast character.

I fully support Doug Bedford for Sheriff of Johnson County and I look forward to his success through the overall quality of life he can help bring not only to the citizens of the county, but the employees of the Johnson County Sheriff's Office.
