

To Whom it may concern:

Doug Bedford will make an outstanding Sheriff.

When I first started with the Sheriff's office Doug was a Sergeant on Patrol. He always took the time to be a mentor to guide and direct junior Deputies. I was not the only Junior Deputy but I felt that his full attention was helping me learn the job. He always had a kind word and used his vast amount of knowledge to bring positivity to all of his interactions, be it civilian or law-enforcement.

When Doug was in the room, everyone wanted to be near him. If I still lived in the area I can promise you, Doug Bedford would have my vote to become the next Sheriff of Johnson County. His discipline in the military and career in the Sheriff's office makes him a great candidate.

He isn't a politician; he is a citizen of the county that wants to make a change for the good.

I have not been a Deputy in almost 8 years now I still get in touch with him when I have questions.

Respectfully,

Robert Unverzagt

Master Deputy, Johnson County Sheriff's Office (Ret)

United States Navy Chief Petty Officer (Ret)
