

My name is Ronald Culpepper and I fully endorse Doug Bedford for Sheriff of Johnson County, Kansas.

We worked together in the SEAL Teams in the early 90's, and I have never met a "true" professional in everything he sets his eyes on to accomplish. His integrity, work ethic and ability to accomplish the mission is the highest level of professional. He is the man that comes in early, stays late and makes sure the team was already for any anything.

It didn't surprise me when he decided to get out of the military and pursue law enforcement. He is a servant leader who gives 100% to the people.

Selecting him as your Sheriff will ensure you have a man who keeps his word, protects it citizens and holds people accountable, (all while saying "good morning" and making people smile).

I fully endorse this man!

Respectfully,

Ronald Culpepper  
Master Chief Petty Officer SEAL  
United States Navy  
Chief of Staff  
Team Lyders
