

I had the pleasure of working with Doug helping screen, work out, and train young men and women interested in Naval Special Warfare and Operations. Doug, a prior Navy SEAL, gave insights, advice, and had a keen eye only few have earned and understand. His devotion to these young people mirrored his devotion to not just Johnson County but also our country.

It's rare to run into a person as committed as Doug and I know, as your Sheriff, that commitment won't waiver. Doug is built for this role and I'm excited to see him continue to serve!

Sean Baldino
Senior Chief Petty Officer
United States Navy(Retired)
